IT MAY NEVER BE LET

Pipe Manufacturers Put Very Little Faith

IN THE CITY OF MEXICO'S SEWER

Several Cars of Samples Were Sent Months Ago, But the Contract Has Not Yet Been Let—May Not Be Done Just Now—Money Is Scarce in Mexico.

If the Central Sewer Pipe company is awarded the contract for what pipe will be used in sewerage of the city of Mexico, there will be work for two years in this valley, but the contract may not be awarded.

Late last year the announcement was made that the capital of Mexico would build an extensive system of sewers, and a Boston engineer was engaged to prepare the specifications. They wanted vitrified pipe, and manufacturers were invited to bid on the work. The principal aspirants were Scotch capitalists and the Central trust, and each sent a quantity of pipe. Knowles, Taylor & Anderson was the firm selected to represent the Ohio valley, and five cars of its product was shipped to Mexico. The Scotch people could deliver pipe in Mexico at a low rate, since they had almost a continuous water line. From this section shipments would be made by rail, and when it was remembered that the rate was 94 cents a hundred, the companies had little hope of obtaining the contract. After the sample pipe was sent to Mexico there was much activity for a time, but the project was gradually lost sight of in this city. The Knowles, Taylor & Anderson company dropped out of the combination, and were no longer directly interested. Now comes the news that the project may be abandoned for a few years. Mexico is not in the best condition financially, and the work will cost an immense sum of money. The people have lived well enough in the past, and it is believed they can get along without sewers for a while at least. If the contract is not given out, the companies not in the trust will be affected, for while their competitors were filling the Mexican order they would be doing their best to supply the American trade.

BOYCOTTING THE BOARDERS.

The New Club Has Found an Enemy in Town.

Members of the Delmonico Boarding club, recently formed, have arrived at the conclusion that a boarding house proprietor who lost a number of patrons when the organization was formed, is boycotting them. One member, it is claimed, lost \$80 through the boycott, and it is said the proprietor in question has determined to deal no more with retail houses having in their employ any member of the club. The boys have heard of these things, and their ire has mounted as high as the ceiling of their nicely furnished dining room. Although the membership of the club is limited to a given number, arrangements can be made for more, and with this object in view, each member has solemnly resolved to do all in his power to deprive their enemy of what few boarders are left if the boycott is not abated. As one of them said: "We are prepared to fight for each other and win."

A HIGH OFFICE.

John E. Anderson Got a Good Place at Portland.

State Representative John E. Anderson, who has been attending the national council, Daughters of America, at Portland, Ind., returned home last evening. He was highly honored by being elected to the office of assistant national vice counselor, while Charles Morris, of Wellsville, who accompanied him, was unanimously elected treasurer. During the council the state lodge of Indiana was instituted, and reports were read showing that the order included members in 35 states while it had rapidly increased in members since the last meeting. The session will be held at Nashville, Tenn., next year during the centennial, a day of which will be devoted to the Daughters of America.

GOING TO NELSONVILLE.

The Sons of St. George Will Meet in the Coal Town.

Before the Sons of St. George adjourned their meeting in Toledo it was decided to hold the next session in Nelsonville the third week in August. Nominations for officers to be elected next year were received, and the ever popular Chris Horton was chosen a vice presidential candidate. He will have no opposition. E. J. Owen was made chairman of the finance committee, and H. Bloor and W. H. Moore were elected his associates. Appropriation was made for the

advancement of the order, the purpose being to extend it to towns where there is no branch. Two clowns from the visitors and local members played a game of cricket, and after a banquet on Thursday evening the visitors left for their homes.

INVITE LI.

He Comes From a Country Noted For Its Pottery.

EDITOR NEWS REVIEW—Now that the city has a board of commerce and a board of trade allow me to suggest that one or both extend a cordial invitation to Li Hung Chang to visit the city when he comes to Pittsburgh the second week in September. He comes from an empire noted for its pottery, and would be interested in seeing what we can do in that line on this side of the world. He is interested in pottery, and will stay in Pittsburgh long enough to allow us a few hours. Then when he is in Pittsburgh he is to be the guest of Andrew Carnegie. Now, Andrew once lived in East Liverpool, and if the reception committee chanced to be a little late he could pilot his friend Chang through the mysteries of Smoky row, and not get lost.

PROGRESS.

WON IN THE LAST.

The Tombstones Didn't Do a Thing to the Association Team.

One of the most exciting ball games ever played at Spring Grove took place last evening between the Tombstones and Association club. In the last inning, with the score in favor of the Association boys, the Tombstones found all about Ashbaugh's pitching and knocked the ball all over the lot, winning the game, with two hands out, by a score of 10 to 8. Batteries, Ashbaugh, McClure and Baxter; Lynch and Herbert.

The Barford pottery team defeated the West End club yesterday by a score of 16 to 7.

Mercer pitched a great game of ball yesterday against the Cleveland team, holding them down to five hits, and not giving a base on balls.

IMPORTED WARE.

Liverpool Would Be a Larger Town if It Was Made Here.

The American Economist this week contains a cartoon which is exciting comment in the city. Cast down and dejected labor sits in rags on an old box, while the arrows of imported goods come from every quarter. Each arrow is some particular article, showing the total amount imported under the Wilson law. The earthenware dart is of no mean size and is marked \$19,561,969. A well known operative remarked when he saw it: "East Liverpool would be a bigger town if we had made our share of that amount."

POISONING CHICKENS.

One Walnut Street Man Lost Eleven Fat Fowls.

Some unprincipled person has been scattering poison in the yards of residents of Walnut street, near the Horn switch, with the result that a number of chickens died from the effects of eating the deadly stuff. Charles Ball is the principal loser. Eleven fine, fat fowls, owned by him, were killed by the poison. There is a well defined suspicion of the guilty party, and if sufficient proof can be secured to warrant his arrest, steps to accomplish this will be commenced.

DEATH TO DOGS.

If You Have No Muzzle Lock Up Your Canine.

Officer Whan announces that, commencing on Monday, he will pursue a vigorous course toward accomplishing the extermination of all worthless curs found running at large. He adds that it would be well for all who own unmuzzled dogs to tie them up, or comply with the law in other respects. Complaints have been made that many savage dogs are allowed to roam the streets, and are known to have snapped at pedestrians.

THEY LAST LONGER

When Thieves Can Only Take One at a Time.

A Sixth street business man is the victim of sneak thieves. He displays shoes in front of his store, and loses many of them. Recently he decided on a plan. When the shoes are put out he takes one shoe from every box, thus giving the thief only one shoe for his trouble. The merchant thinks he has hit the right plan, for few sneaks will risk arrest the second time in order to make up a pair of shoes.

A Dog's Death Warrant.

Chief Johnson captured an unmuzzled dog running at large this morning. The unfortunate dog is tied up at the jail, and if the owner of it does not appear and pay for its release, that dog will surely die. The animal is of the setter breed, and evidently of some value.

COLLECTED THE COSTS

County Officials Were Weary With Waiting.

CAME TO TIE UP THE ROAD

The Company Paid the Costs, and Suspension Was Not Necessary—The Bill Was Paid, and the Matter Settled Without War.

Sheriff Gill and Deputy Supplee came to the city last evening, and early this morning were moving about.

They would say nothing of their business, but it was learned they were after the street railway company. The concern has been mixed up in so much litigation that a big bill of costs piled up against it in the court house. All attempts to collect brought no money to Lisbon, and more vigorous measures were decided upon. The officers had the required papers made out, and came to the city determined to tie up the line until the bill was paid. The account was presented and the intention was made known, but the company had already decided to pay. Secretary Davies was in town, and the sheriff was given a check for the amount. The suits for damages which the company lost a few months ago cost an immense amount of money, and the expenses of the county, witnesses and the many other necessary items were large. Added to this sum was the cost of repairing damages caused by storms, and a lot of ready money was needed. After the bill was paid the officers settled up some other business, and drove happily homeward.

AN AGED RESIDENT.

William Martin Passed to the Last Long Home This Morning.

William Martin, aged 81 years, died at the home of his daughter, Mrs. J. H. Mills, a few minutes before 6 o'clock this morning, from the effects of a paralytic stroke received Tuesday. Deceased was born in Lebanon, Pa., and has lived in this city since 1884. Mr. Martin was a member of the First Presbyterian church and was well known. The funeral will take place Monday afternoon, and services will be conducted at the house by Doctor Lee. Interment will be in Riverview cemetery. Deceased leaves two daughters and one son. A curious incident in connection with the death of Mr. Martin is that a sister living in Lebanon was stricken down with paralysis exactly a week previous to the time he was afflicted.

A TEMPERANCE WOMAN.

Wouldn't Even Ride in a Surrey That Was Full.

Two well known advocates of temperance decided recently to go to Lisbon. They went to Wellsville to catch the stage, and were disappointed beyond measure to find every seat occupied. Then they turned their attention to Mr. Watson, who drives a surrey every day to Lisbon, and one of the ladies went to see him. She returned a few minutes later, and in a dejected tone remarked, "Why, Mr. Watson's full, too."

"Well, I don't propose to ride with any man when he's drunk," indignantly broke forth her friend, and those who saw the error into which she had fallen laughed heartily.

ON THE TEAM.

Captain Palmer Leads the Tenth in the Skirmish Shoot.

Captain Palmer has been in Connellsville, Pa., during the week, shooting at the Tenth regiment range against the many other contestants for places on the regimental team. In the skirmish shoot, by far the most difficult of the several tests, he made the highest score, winning with 80 out of a possible 100. The next man was 74, and the average was 69 4-5. Captain Palmer will be one of five from the Tenth to contest with other rifle teams in the state shoot at Mt. Gretna next week.

LOOKING FOR DATES.

The Brownie Minstrels Will Play Another Season.

Arthur Garfield Hymes, manager of the Brownie minstrels, arrived home this morning after taking his annual vacation. The minstrel company will be reorganized larger and grander than ever, and are already booking dates in the principal cities of St. Clair township. Engagements will also be played at Dry Run and Smith's Ferry.

BELIEVES IN M'KINLEY.

East Liverpool Money Will Be Placed on His Chances.

Major McKinley has so many partisans in the city that some of them, anxious to place a little money on the result of the election, have experienced diffi-

culty in wagering a cent except at large odds. It was learned today that one leading manufacturer so firmly believes in his judgment of the result as to be willing to bet \$5,000 that McKinley will be the next president. Realizing that he cannot get the money in town, he will try some of the sports of Pittsburgh and Wheeling.

A SERIOUS CHARGE.

Porter Kayes Arrested and Denied His Guilt.

George Ward, the holiness preacher, this morning made a serious charge against Porter Kayes. The charge is made in behalf of his daughter, Mary Ward, who, he says, is only 15 years of age. Squire Morley issued a warrant, and Constable Bertele arrested Kayes, who is a potter employed at the Brunt factory, at noon. He denies his guilt, and was released when George Brunt signed his bond of \$300. The case will be heard Monday morning, and promises sensational revelations.

HOKE QUIT.

He Resigned, and President Cleveland Accepted.

NEW YORK, Aug. 22.—[Special]—The Associated Press announces this afternoon that Hoke Smith has resigned his position in the cabinet, and President Cleveland accepted the resignation without a protest. The secretary has long been considered a possible convert to the silver theory, and his resignation is accepted as proof that he has gone over to Cleveland's enemies.

HOMEWARD BOUND.

East Liverpool Visitors to England Return Tonight.

The following party is expected to arrive home this evening after spending two months in the potting district of England: William Hughes, Mrs. Anna Thomas and daughter, Miss Lizzie, Mrs. Bathgate, Mrs. Webb, Miss Laura Wilshaw and James Marriott. Letters received from them say that all had a pleasant time and were very much benefited by the trip. A number of others from this city who are yet in England will leave for home next week.

SOMEWHAT DECEPTIVE

Is the Berea Grit, According to an Authority.

Superintendent James, of the South Penn pipe line, has this to say of the Knoxville oil field: The oil found in this section is in the Berea grit and that strata is somewhat deceptive. It will cost a few thousand dollars to take the pipe line into the Knoxville field, but the fact that it is going there denotes that the field will amply afford the expense with other wells in prospect.—Stevensville Gazette.

COLLIDED WITH A BARREL.

Will Pope Was Hurt and His Wheel Broken.

Will Pope, of Thompson place, was riding on Fifth street last night when his wheel came violently in contact with a barrel. Pope was thrown to the ground, and received more bruises and scratches than he will forget in a day or two. His wheel was broken. Someone is to blame for the accident, as it occurred in front of a new building, and no light was burning to give warning of the obstruction.

TO NIAGARA FALLS.

A Happy Crowd Will Leave Here This Evening.

Mr. and Mrs. W. E. Wells, Mr. and Mrs. George Buxton and son, Walter, Doctor and Mrs. Ogden and Councilman Stewart, will represent the local lodge of Elks on the Niagara Falls excursion of the Rochester branch. The other persons going from this city are S. M. Ferguson, Patrick McNicol, Patrick Bryan, H. J. Kinsey and wife and James Ford. They will return on Monday.

INVITED THE TURNERS.

Trades Council Wants Them to March on Labor Day.

The sport committee of Labor day met last night, but did not succeed in finishing their work. An invitation was extended to the Turners to have them take part in the parade, and to have the class which represented them at Stevensville give an exhibition at the park as well as to take part in the various events. The society will take action on the invitation at their next meeting.

And They Call It News.

A local paper makes itself ridiculous by telling its readers under a big head that Avondale street is to be paved. The NEWS REVIEW mentioned the matter earlier in the week.

BRUISED AND BATTERED

Were the Faces of Washington Street Neighbors.

WHEN THEY APPEARED IN COURT

Mr. McKinnon and Mr. Schneider Discussed a Difference in a Vigorous Manner—McKinnon Was Acquitted and Schneider Will Be Heard Tuesday.

Grant McKinnon and Edward Schneider were in police court this morning, and if the various marks and bumps on their faces counted for anything they had been engaged in deadly battle.

McKinnon and Schneider live in adjoining houses on Washington street, and each has a family. The children quarreled, and Schneider charges Mr. McKinnon with referring to one of his olive branches as a "nigger." This roused the Schneider temper, and he was telling Mrs. McKinnon what he thought about it last night, when her husband appeared on the scene. More words immediately followed, and the war took on a more serious phase. Blows were exchanged for a few minutes, and Schneider says McKinnon pulled a revolver. He took the weapon away from him, and then the battle was renewed. About this time the police arrived, and the bruised and battered belligerents were taken to city hall. There the particulars of the battle were heard, and the pair released to make charges. McKinnon charged Schneider with assault and battery, and Schneider charged McKinnon with pointing firearms. McKinnon was heard this morning. There were some amusing incidents, and the mayor dismissed the case. Schneider will have a hearing on Tuesday, and the difficulty will then be cleared away. McKinnon claims he was only defending his wife.

LITTLE INTEREST

Is Being Manifested in the Bond Election.

Little interest is being shown in the bond election, and it looks as though the city will have the consent of a few property owners to borrow the needed money. At 8 o'clock this afternoon the number of votes polled in the different wards was as follows: First, 20; Second, 26; Third, 29; Fourth, 27.

The polls will close at 6:30, and the number of votes will probably be increased.

A BIG CROWD

Will Go to Canton to See the Next Presidential.

From present indications a big crowd will leave the city early Monday morning for Canton. Manley's band will make all the music wanted, and Wells-ville may send along its musical organization. There will be at least 75 from the sister city, and there may be more. A number of potteries will be shut down on Monday in order that the employees can go to Canton. It now seems sure that the city will be well represented.

He Liked Eggs.

A farmer walked into a well known uptown restaurant, and asked for a bowl of soup. Receiving the soup he purchased one dozen eggs. The proprietor was considerably surprised to see him break four of them into the soup and eat the remaining eight as though it was an every day performance.

Fell on the Track.

Little Gretta, the fast pacing mare of James Waggle, while making the last half in a race at Kittanning, Pa., Thursday, fell and was ruled out. The animal was in second place, and would have undoubtedly made a strong bid for the race if the accident had not occurred.

Going to a Fair.

A drove of cattle, 13 in number, and owned by Dairyman John Goddard, who lives a few miles north of the city, were shipped to Newark this morning, where they will be exhibited. This drove was awarded first prize at Hookstown fair.

Men For the Army.

Capt. G. H. Evans, the United States recruiting officer in Pittsburgh, is advertising for men for the army. The post-office is decorated with posters.

For Professional Services.

H. E. Grosshaus entered suit this morning before Squire Morley against Grant McKinnon for \$20, claimed due for professional services.

No Meeting.

The board of directors of the Young Men's Christian association failed to meet last night, as a quorum could not be secured.

The Sons of St. George Will Meet in the Coal Town.

Before the Sons of St. George adjourned their meeting in Toledo it was decided to hold the next session in Nelsonville the third week in August. Captain Palmer will be one of five from the Tenth to contest with other rifle teams in the state shoot at Mt. Gretna next week.

LOOKING FOR DATES.

The Brownie Minstrels Will Play Another Season.

Arthur Garfield Hymes, manager of the Brownie minstrels, arrived home this morning after taking his annual vacation. The minstrel company will be reorganized larger and grander than ever, and are already booking dates in the principal cities of St. Clair township. Engagements will also be played at Dry Run and Smith's Ferry.

BELIEVES IN M'KINLEY.

East Liverpool Money Will be Placed on His Chances.

Major McKinley has so many partisans in the city that some of them, anxious to place a little money on the result of the election, have experienced diffi-

culty in wagering a cent except at large odds. It was learned today that one leading manufacturer so firmly believes in his judgment of the result as to be willing to bet \$5,000 that McKinley will be the next president. Realizing that he cannot get the money in town, he will try some of the sports of Pittsburgh and Wheeling.

A SERIOUS CHARGE.

Porter Kayes Arrested and Denied His Guilt.

George Ward, the holiness preacher, this morning made a serious charge against Porter Kayes. The charge is made in behalf of his daughter, Mary Ward, who, he says, is only 15 years of age. Squire Morley issued a warrant, and Constable Bertele arrested Kayes, who is a potter employed at the Brunt factory, at noon. He denies his guilt, and was released when George Brunt signed his bond of \$300. The case will be heard Monday morning, and promises sensational revelations.

HOKE QUIT.

He Resigned, and President Cleveland Accepted.

NEW YORK, Aug. 22.—[Special]—The Associated Press announces this afternoon that Hoke Smith has resigned his position in the cabinet, and President Cleveland accepted the resignation without a protest. The secretary has long been considered a possible convert to the silver theory, and his resignation is accepted as proof that he has gone over to Cleveland's enemies.

HOMEWARD BOUND.

East Liverpool Visitors to England Returning Tonight.

The following party is expected to arrive home this evening after spending two months in the potting district of England: William Hughes, Mrs. Anna Thomas and daughter, Miss Lizzie, Mrs. Bathgate, Mrs. Webb, Miss Laura Wilshaw and James Marriott. Letters received from them say that all had a pleasant time and were very much benefited by the trip. A number of others from this city who are yet in England will leave for home next week.

SOMEWHAT DECEPTIVE

Is the Berea Grit, According to an Authority.

Superintendent James, of the South Penn pipe line, has this to say of the Knoxville oil field: The oil found in this section is in the Berea grit and that strata is somewhat deceptive. It will cost a few thousand dollars to take the pipe line into the Knoxville field, but the fact that it is going there denotes that the field will amply afford the expense with other wells in prospect.—Steubenville Gazette.

COLLIDED WITH A BARREL.

Will Pope Was Hurt and His Wheel Broken.

Will Pope, of Thompson place, was riding on Fifth street last night when his wheel came violently in contact with a barrel. Pope was thrown to the ground, and received more bruises and scratches than he will forget in a day or two. His wheel was broken. Someone is to blame for the accident, as it occurred in front of a new building, and no light was burning to give warning of the obstruction.

TO NIAGARA FALLS.

A Happy Crowd Will Leave Here This Evening.

Mr. and Mrs. W. E. Wells, Mr. and Mrs. George Buxton and son, Walter, Doctor and Mrs. Ogden and Councilman Stewart, will represent the local lodge of Elks on the Niagara Falls excursion of the Rochester branch. The other persons going from this city are S. M. Ferguson, Patrick McNicol, Patrick Bryan, H. J. Kinsey and wife and James Ford. They will return on Monday.

INVITED THE TURNERS.

Trades Council Wants Them to March on Labor Day.

The sport committee of Labor day met last night, but did not succeed in finishing their work. An invitation was extended to the Turners to have them take part in the parade, and to have the class which represented them at Steubenville give an exhibition at the park as well as to take part in the various events. The society will take action on the invitation at their next meeting.

And They Call It News.

A local paper makes itself ridiculous by telling its readers under a big head that Avondale street is to be paved. The News Review mentioned the matter earlier in the week.

BRUISED AND BATTERED

Were the Faces of Washington Street Neighbors.

WHEN THEY APPEARED IN COURT

Mr. McKinnon and Mr. Schneider Discussed a Difference in a Vigorous Manner—McKinnon Was Acquitted and Schneider Will Be Heard Tuesday.

Grant McKinnon and Edward Schneider were in police court this morning, and if the various marks and bumps on their faces counted for anything they had been engaged in deadly battle.

McKinnon and Schneider live in adjoining houses on Washington street, and each has a family. The children quarreled, and Schneider charged Mr. McKinnon with referring to one of his olive branches as a "nigger." This roused the Schneider temper, and he was telling Mrs. McKinnon what he thought about it last night, when her husband appeared on the scene. More words immediately followed, and the war took on a more serious phase. Blows were exchanged for a few minutes, and Schneider says McKinnon pulled a revolver. He took the weapon away from him, and then the battle was renewed. About this time the police arrived, and the bruised and battered belligerents were taken to city hall. There the particulars of the battle were heard, and the pair released to make charges. McKinnon charged Schneider with assault and battery, and Schneider charged McKinnon with pointing firearms. McKinnon was heard this morning. There were some amusing incidents, and the mayor dismissed the case. Schneider will have a hearing on Tuesday, and the difficulty will then be cleared away. McKinnon claims he was only defending his wife.

LITTLE INTEREST

Is Being Manifested in the Bond Election.

Little interest is being shown in the bond election, and it looks as though the city will have the consent of a few property owners to borrow the needed money. At 3 o'clock this afternoon the number of votes polled in the different wards was as follows:

First, 20; Second, 26; Third, 29; Fourth, 27.

The polls will close at 6:30, and the number of votes will probably be increased.

A BIG CROWD

Will Go to Canton to See the Next President.

From present indications a big crowd will leave the city early Monday morning for Canton. Manley's band will make all the music wanted, and Wells-ville may send along its musical organization. There will be at least 75 from the sister city, and there may be more. A number of potteries will be shut down on Monday in order that the employees can go to Canton. It now seems sure that the city will be well represented.

He Liked Eggs.

A farmer walked into a well known uptown restaurant, and asked for a bowl of soup. Receiving the soup he purchased one dozen eggs. The proprietor was considerably surprised to see him break four of them into the soup and eat the remaining eight as though it was an every day performance.

Fell on the Track.

Little Gretta, the fast pacing mare of James Waggle, while making the last half in a race at Kittanning, Pa., Thursday, fell and was ruled out. The animal was in second place, and would have undoubtedly made a strong bid for the race if the accident had not occurred.

Going to a Fair.

A drove of cattle, 13 in number, and owned by Dairyman John Goddard, who lives a few miles north of the city, were shipped to Newark this morning, where they will be exhibited. This drove was awarded first prize at Hookstown fair.

Men For the Army.

Capt. G. H. Evans, the United States recruiting officer in Pittsburg, is advertising for men for the army. The post-office is decorated with posters.

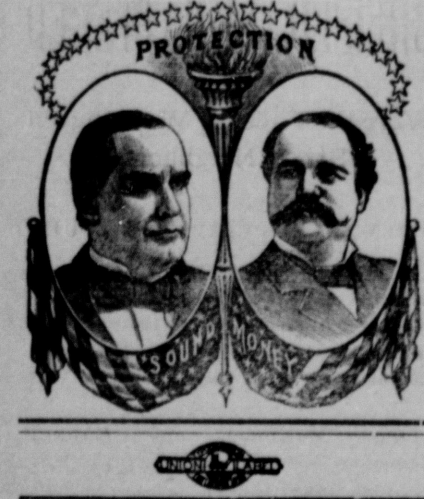

For Professional Services.

H. E. Grosshaus entered suit this morning before Squire Morley against Grant McKinnon for \$20, claimed due for professional services.

No Meeting.

The board of directors of the Young Men's Christian association failed to meet last night, as a quorum could not be secured.

Poor Columbian. There will be little left of the pretty village when the Popocrats are done with it next Monday.

If the silly claims being made by the Salem Herald contain a grain of truth, Bryan will carry this county by no less than a million votes.

SOMEONE has said that wealth can not be created by blowing bubbles, and no one knows it better than the man who earns his bread by the sweat of his brow.

If the Bryan club would follow out the eternal fitness of things, it would endorse one of its members for the position of free silver distributor for the city of East Liverpool under the new administration.

UNSETTLED CONDITIONS.

If the mere talk of free coinage will unsettle business conditions, what will happen when the mints of America are opened to the silver of the world? A few weeks ago any man with property could borrow money with it as security, and the payment would not be demanded in gold. Not later than a few months ago any town or city could sell its bonds, and the purchaser would not only fail to specify the kind of money in which they were to be paid, but was anxious to secure them at a premium. Not more than six weeks ago the leading railroad corporations of the country had not decided on retrenchment, and the Pennsylvania company did not have in mind the discharge of several hundred men on the Cleveland and Pittsburgh railway. Approaching events cast their shadows before as certainly as straws tell how the wind blows. The sensible man can see in these ill omens but a faint example of what will follow the election of Mr. Bryan. He can take them as a basis, and upon that foundation rear the structure of ruin and misery sure to result from a free silver victory. A man might own a million acres of land and it would do him no good if he had to pay off his mortgage in gold, and gold at a premium. The government might work the mints night and day for countless generations, and it would not help the railroad laborer if he could not secure employment whereby he could earn even a cheap dollar. The man who owns landed property, the man who works for a stated wage, and all other men except the silver mine owners and their emissaries would lose and lose mightily by the free coinage of silver.

FARMERS' LOSS

Amounts In One Year to Over
\$318,000,000

ON THE IMPORTS AND EXPORTS

Facts and Figures of a Very Interesting Character as to Results Under Both the McKinley and the Wilson Laws. An Increase In Wool Imports Alone of \$27,662,721—Restoration of a Protective Tariff Vitality Necessary.

Another big flour mill in Ohio has gone by the board, and no matter what the immediate cause of its failure may have been, it makes timely a statement regarding the terrible havoc caused by the Wilson tariff bill in the flour trade of the United States, and in all our agricultural interests.

In 1894, under the operation of the McKinley protective tariff law, we exported flour worth no less than \$169,271,760. In 1895, under the Wilson bill, that chief achievement of Democratic wisdom, we shipped to foreign countries only \$30,292,886 worth of flour, or a loss in trade to us, in that one item alone, of \$118,978,874, or about 70 per cent.

But this is not all. In fact, it is but the short prelude to one long catalogue of disaster to our agricultural interests.

According to the last census one-half the people of the United States are dependent upon agricultural pursuits for their livelihood. By the crops they raise, and the money for which they sell those crops, those 45,000,000 of people must subsist. It follows, then, that if a tariff law is passed which curtails the markets for our agricultural products, we are injured in proportion to the decrease in the sales of those products which we make to other countries.

Let us take the values of the exports of our chief agricultural staples which we made in 1894, under the McKinley protective tariff law, and by comparing them with the values of the like exports made under the Wilson bill in 1895, find the extent to which the Democratic Wilson bill has injured the farmer and producer of this country by curtailing his market. Here is the table:

Articles.	Exports under McKinley law, 1894.	Exports under Wilson law, 1895.	Difference in favor of McKinley law.
Cotton	\$121,963,298	\$180,900,645	\$20,978,053

Totals	\$1,007,946,932	\$751,829,387	\$256,117,545

Here, then, is a loss in one year alone, to the farmers of the United States, of over \$256,000,000 in trade, which is directly traceable to the Wilson bill.

Nor is this all. In addition to the cutting off of his foreign markets, the Wilson bill has hurt the farmer by permitting the easier entry into this country of foreign products in competition with his own, thus also decreasing his home market in proportion to the increased exports which compete with him. Here is a table showing the nature of our principal agricultural imports in 1894, under the McKinley protective tariff law, compared with the like imports in 1895, under the Wilson bill:

Articles.	Imports under McKinley law, 1894.	Imports under Wilson law, 1895.	Difference.
Hides	\$17,370,637	\$30,432,989	\$13,062,352

Totals	\$35,804,440	\$134,228,890	\$98,424,450

Thus it may be seen that in one year, under the Wilson bill, the farmers of the United States lost over \$256,000,000 worth of foreign trade and over \$98,000,000 of home trade taken from them by foreign competitors, or an aggregate of over \$318,000,000.

We need sound money, and will have it, but we also need a just and equitable tariff which will restore to the American farmer the trade and prosperity which have been taken from him.—Cincinnati Commercial-Tribune.

A Silver Man, but Not a Fool.

Senator Cameron, when asked whether he would support Bryan, curtly answered, "I am a silver man, but not a fool." It would indict the common sense of Western farmers to suppose that after their experience of Populism and free silver Democracy they would try it again. That is one of the epidemic ideas which men never take twice.

The election results prove that many thousands who had the disease have recovered completely, and the wild performances and utterances of Democratic and Populist conventions this year have been eminently calculated to cure many more.

BRYAN MUCH PLEASSED.

Falling In Line of Certain Eastern Leaders Very Gratifying.

UPPER MERIDEN, N. Y., Aug. 22.—Mr. Bryan addressed about 3,000 people at Tivoli today.

Every indication has been toward what is a settled fact, that Mr. Bryan expects and has been assured of eastern support. Letters continued to pour in asking him to speak at eastern points, and if the requests were heeded, he could spend the entire time from now until election day in New York state.

Mr. Bryan showed no surprise at the newspaper stories that the New York Democratic state organization had decided to support him. He did reflect a little bit upon the statement that Senator Hill had told Mr. Dan. With that he would support and work for him (Mr. Bryan). He said in relation to that question:

"It is not Senator Hill's custom to speak through others, and I doubt if Mr. Danforth gave out a statement purporting to be made by Senator Hill. The senator will probably make his own announcement."

It was said here on very good authority that Senator Hill would take part in the demonstration in honor of Mr. Bryan at Albany on Tuesday night. The statement needs authentication, however.

The receipt of a letter from Leader Sheehan of Tammany, asking Mr. Bryan to speak in New York, added another chair to the circumstances leading up to proof of a thorough understanding between Mr. Bryan and the New York Democracy.

The published statement that Richard Croker had approved Mr. Sheehan's and Tammany's course in endorsing Bryan caused the candidate a great deal of satisfaction, however, and he said that he had always believed that all the great leaders would fall into line, except perhaps those who had financial interests with the gold side of the issue, intimating that the leaders in the gold Democratic movement had mercenary interests.

RATHER WARM IN CANTON.

Sheriff Doll Pays His Compliments to the Bryan Leader.

CANTON, O., Aug. 22.—Politics are getting a little warm in Major McKinley's town and county. In reply to a letter published by a press association, giving a glowing account of the silver situation in this county, Sheriff Hiram Doll has written a letter to Captain Dick Walker, of Kansas, which will very likely raise the ire of Colonel Holloway, the leader of the Bryan and Sewall movement in Stark county, who will probably pay his compliments to Sheriff Doll in return. The sheriff in the course of a long letter said:

"The Silver club in Canton, about which you write, is composed of Populists and Democrats, and the leading Democrats of the city are not in it. The ex-Republican mentioned as president, Colonel Holloway, was one of the most enthusiastic McKinley men in the city, and during the great jollification meetings here after the St. Louis convention rode at the head of each procession escorting the various delegations to Governor McKinley's house. He was an aspirant for chief marshal of the Escort club but failed of election. Immediately after that he turned over to the opposition."

Sheriff Doll then says that, in proportion to the population of Stark county and in comparison to the size of the McKinley organizations in the county, the club is small.

FUSION ARRANGED IN IDAHO.

Silver Republicans Ignored, Because of Senator Dubois.

WASHINGTON, Aug. 22.—Some of the silver leaders in Washington are not at all surprised at the course of events in Idaho, where the Populists and Democrats have fused, leaving the Silver Republicans to flock by themselves. One who has recently returned from the west, says that the result is largely due to the course Senator Dubois has pursued in Idaho. Instead of cutting loose from the Republican party, Senator Dubois and his friends went into the Republican committee and carried it by one majority and instead of organizing as a silver party or inviting fusion, maintained that their organization is Republican.

The Populists and Democrats claimed that any Republican organization ought to be for McKinley if it claimed the name, and insisted that Dubois must leave the Republican party as Teller and Pettigrew have done. There has been a great deal of hostility between Dubois and the other two parties, and the Populists and Democrats say that if they elect Dubois senator they will not be sure that he will remain with them. Silver men here say they have information that the Bryan electoral ticket will carry the state and that the antagonism is more personal to Dubois than anything else.

Jones Changes the Headquarters.

CHICAGO, Aug. 22.—Chairman Jones of the national campaign committee has changed his mind as to the location of headquarters. The Democratic national campaign will be conducted from the Auditorium annex. He has appointed Clark Howell of Georgia as chief of the literary bureau, F. U. Adams as chief assistant and Daniel McConville of Ohio as chairman of the speakers' bureau.

Can Continue to Talk Money.

INDIANAPOLIS, Aug. 22.—For ten days a great crowd has collected on the post-office corner discussing the financial question of the present campaign. The discussion frequently lasted until midnight. As the police made numerous and futile efforts to scatter the disputants and made several arrests, Judge Cox discharged them, saying it violated the rights of free speech.

Will Press Inaugural For President.

CINCINNATI, Aug. 22.—There is a movement to press H. E. Ingalls, president of the Big Four and Chesapeake and Ohio railways, for the nomination of the national Democratic party for president. The Ohio delegation to Indianapolis will favor Ingalls.

Jewelry Importers Fail.

NEW YORK, Aug. 22.—Liedpol Well & Co., importers of and dealers in jewelry, have failed. Their liabilities were estimated by their attorneys, Kays & Greenbaum, at \$125,000. Of their assets the attorneys said they could form little idea.

DUN'S TRADE REVIEW.

Politics Have Had Little Effect on Business.

CONTINUED DEPRESSION IN IRON.

Nothing Encouraging Can Yet Be Said In Regard to Work—Heavy Failures In Lumber—Wheat Advances a Little. The Business Failures.

NEW YORK, Aug. 22.—R. G. Dun & Co.'s weekly Review of Trade, issued today says: Political events of the week had no definite influence upon business prospects for the phenomenal variations in sterling exchange, and the beginning of gold may be fairly attributed to the accumulating excess of merchandise exports over imports, to which attention has been repeatedly called, exports from New York for the past two weeks having been 20 per cent larger and imports here 21 per cent smaller than last year. The rapid movement of grain, and the unusually early marketing, tend strongly to aid the banking syndicate which has undertaken to regulate foreign exchange.

Speculation has advanced wheat over 1 cent during the week, corn a small fraction and cotton 1/2. The principal motive power being reports of injury to growing crops. As before, the unfavorable accounts respecting wheat are in some measure discredited by the continued heavy movements from the farms. There is also a heavy movement of corn.

Some additional heavy failures in the lumber trade call attention to the continuing depression which appears to result, at least in part, from expectations entertained by many that the unlimited increase in new building during the past year or two would be permanent.

The iron and steel manufacture is the only continued depression to report and Bessemer pig has sold at \$10.40 at Pittsburgh, while southern iron is offered at prices equivalent to \$10 at New York, and nearly all finished products are being sold below the current quotations. There is rapid curtailment of production, the Illinois Steel company having only seven of its seventeen furnaces at work, but in spite of this the supply of finished products appear to greatly exceed the demand for them. The one bright spot is a sale of 9,000 tons of steel rails to Japan for refitting railways in that country, which makes an aggregate of 45,000 tons exported during the year.

Nothing encouraging can yet be said regarding the woolen manufacture and the demand for goods even at recent reductions in prices, is still disappointingly small. Sales of wool at the three chief markets have been only 7,670,000 in three weeks, against 16,847,200 last year and 23,361,400 in the same weeks of 1892. A heavy auction sale of cotton goods brought prices which were considered quite encouraging and the current demand is fairly maintained, although the mills are not inclined to make large contracts for the future in view of the rise in raw material. In general the work in force for textile branches does not appear to have increased.

The total business failures in the United States is 264 this week, six more than last week, 72 more than in the week one year ago, and 13 more than in the third week of August, 1894, the period of extreme depression after the panic of 1893.

There are 30 business failures reported from the Canadian Dominion this week against 35 last week, 37 in the week one year ago and 30 two years ago.

To Entertain the Presbyterians.

EAGLE LAKE, Ind., Aug. 22.—At a large and enthusiastic meeting of Ohio people in attendance upon the Winona assembly, strong resolutions were adopted pledging themselves to assist in raising \$10,000 of the \$40,000 additional necessary to suitably accommodate the general assembly of the Presbyterian church here next May. The Illinois people passed similar resolutions for another \$10,000, and the Indians present propose to raise \$20,000, \$5,000 of which was pledged at their meeting.

Will Arbitrate the Differences.

BERNE, Switzerland, Aug. 22.—At the requests of the governments of Great Britain and the republic of Columbia, the bundesrath has undertaken to appoint three Swiss jurists to arbitrate the dispute between a British firm and the government of one of the provinces of Columbia relative to the construction of a railroad.

Knew He Was Justly Hanged.

MACON, Mo., Aug. 22.—George Anderson, who cut his wife's throat at their home near Atlanta in this (Macon) county, on the 27th of May, 1895, and then attempted suicide, has been hanged here. Anderson courted death and apparently fully realized that he was getting his just deserts.

Lodged In Moro Castle.

PENSACOLA, Fla., Aug. 22.—Information has been received that Pablo Superve, a young Cuban who occupied a position in a timber shipping office here, has been arrested at Havana and imprisoned in Moro Castle as a conspirator against the Spanish government.

Immense Revenue From Raines Law.

ALBANY, Aug. 22.—The amount of money collected under the Raines liquor law still continues to swell. It is confidently expected by Commissioner Lyman that more than \$11,000,000 will be collected during the fiscal year the law is in operation.

Lynchings Report Expected Soon.

WASHINGTON, Aug. 22.—The report of the governor of Louisiana on the lynching of several Italians in that state recently is expected at the state department in a day or two and will form the basis of future action by this government in the case.

Due to Lack of Business.

WALTHAM, Aug. 22.—The O'Hara Dial factory, the Boston Manufacturing company's plant and the American Watch company have closed down owing to lack of business.

TALK OF A BOND ISSUE.

Carlisle's Visit to the Sub-Treasury Causes Speculation.

NEW YORK, Aug. 22.—The presence of Secretary Carlisle down town and a conference he had with Mr. Bacon, of J. P. Morgan & Co., caused some talk about the possibility of another bond issue. Mr. Carlisle called at the sub-treasury early in the day and saw Mr. Muhlenberg who, in Mr. Jordan's absence, is acting as assistant treasurer. Then he went down to the custom house. Later he called again at the sub-treasury and was in consultation for some time with Mr. Bacon and Mr. Muhlenberg.

After Mr. Carlisle left the treasury Mr. Muhlenberg said that the secretary had merely called in there on his way to Washington and that his visit had no special significance; that he had not discussed anything or said anything that was a matter for public interest.

TO SAVE KENT'S NECK.

A Juror Will Plead Before North Dakota's Governor.

FARGO, N. D., Aug. 22.—Myron R. Kent, alias William Wiley Panoast, twice convicted of the murder of his wife, at Mandan, three years ago, has been brought into court before Judge McConnell, and the date of execution was set for Nov. 12. Petitions are being circulated all over the state in behalf of the convicted man.

It is said that Juror Newman, who held out for more than 50 ballots against the death penalty, will personally appear before Governor Allen in Kent's behalf. He will claim that he was coerced into bringing in a verdict for the death penalty by the threats of the other jurors. W. J. Price of Fargo is named as one of the men who assisted in forcing his vote.

Both Parties Bound to Fuse.

PARKERSBURG, W. Va., Aug. 22.—The rumor is general throughout this state that General C. C. Watts, the nominee for governor on the Democratic ticket, and Isaac C. Ralphsnyder, the Democratic nominee for the Populist state convention, will both be pulled off and a fusion will be made on either Judge William G. Bennett or Clarence L. Smith. Both committees meet in Clarksburg, Sept. 3.

American Bar Association Officers.

SARATOGA, Aug. 22.—The American Bar association has elected the following officers: President, James M. Woolworth of Omaha; secretary, John Hinkley of Baltimore; treasurer, Francis Rawley of Philadelphia; executive committee, Alfred Hemenway, Boston; Charles Claffin, St. Louis; William W. How, New Orleans. A vice president for every state in the Union and a local council for each state were also chosen.

Murdered by His Mistress.

FREDERICKSBURG, Va., Aug. 22.—Dallas Bruce, a white man of Caroline county, who lives some 25 miles from here, attended the recent Confederate reunion in Richmond and then disappeared. A few days ago a search for him was begun by his friends which resulted in finding his body cut into pieces and packed into several pickle barrels at the house of his negro mistress. He had \$400 money.

Collier May Fight a Duel.

ATLANTA, Aug. 22.—Correspondence which may result in a duel is now in progress between Charles A. Collier, president of the late Cotton States and International exposition and candidate for mayor, and Howell C. Erwin, a prominent lawyer. The trouble grew out of a statement by Erwin in a political speech.

Warrant for a Bank Cashier.

KANSAS CITY, Aug. 22.—A warrant for the arrest of Cashier C. A. Taylor of the defunct Argentine bank has been sworn out by Bernard Speaker, who made a deposit in the bank Monday afternoon, the day before the failure. The charge is receiving money in an insolvent bank.

McMillen and Blackburn Spoke.

MARTINSBURG, W. Va., Aug. 22.—Democratic day was celebrated at the Inwood fair yesterday and a big crowd came out to listen to some choice free silver oratory. The speakers were Senator Faulkner, Hon. Benton McMillen, Senator Joe Blackburn and Judge Lucas.

Hung Before 3,000 People.

MOBILE, Ala., Aug. 22.—W. H. M. Graham, alias Gray, a negro, has been hanged in the yard of the county jail. The execution was witnessed by 8,000 people and one man broke his leg by falling from a wall. Graham's crime was the brutal killing of an old man on Mardi-Gras day.

Brutally Abused by White Men.

WACO, Tex., Aug. 22.—A mob of 25 white men entered the hut of five negro cotton pickers at Hillside, this county. They shot Anderson Vaughan and beat him to death and abused the others.

Want to Unite With Greece.

LONDON, Aug. 22.—A dispatch from Athens to The Telegraph says that the insurgent Cretans have raised a flag at Zippopolis, emblematic of the union of Crete with Greece.

Murdered a Turkish Consul.

Poor Columbiana. There will be little left of the pretty village when the Popocrats are done with it next Monday.

If the silly claims being made by the Salem Herald contain a grain of truth, Bryan will carry this county by no less than a million votes.

SOMEONE has said that wealth can not be created by blowing bubbles, and no one knows it better than the man who earns his bread by the sweat of his brow.

If the Bryan club would follow out the eternal fitness of things, it would endorse one of its members for the position of free silver distributor for the city of East Liverpool under the new administration.

UNSETTLED CONDITIONS.

If the mere talk of free coinage will unsettle business conditions, what will happen when the mints of America are opened to the silver of the world? A few weeks ago any man with property could borrow money with it as security, and the payment would not be demanded in gold. Not later than a few months ago any town or city could sell its bonds, and the purchaser would not only fail to specify the kind of money in which they would be paid, but was anxious to secure them at a premium. Not more than six weeks ago the leading railroad corporations of the country had not decided on retrenchment, and the Pennsylvania company did not have in mind the discharge of several hundred men on the Cleveland and Pittsburgh railway. Approaching events cast their shadows before as certainly as straws tell how the wind blows. The sensible man can see in these ill omens but a faint example of what will follow the election of Mr. Bryan. He can take them as a basis, and upon that foundation rear the structure of ruin and misery sure to result from a free silver victory. A man might own a million acres of land and it would do him no good if he had to pay off his mortgage in gold, and gold at a premium. The government might throw the mints night and day for countless generations, and it would not help the railroad laborer if he could not secure employment whereby he could earn even a cheap dollar. The man who owns landed property, and all other men except the silver mine owners and their emissaries would lose and lose mightily by the free coinage of silver.

FARMERS' LOSS

Amounts In One Year to Over \$318,000,000

ON THE IMPORTS AND EXPORTS

Character as to Results Under Both the McKinley and the Wilson Laws. An Increase in Wool Imports Alone of \$27,602,731—Restoration of a Protective Tariff Vitality Necessary.

Another big flour mill in Ohio has gone by the board, and no matter what the immediate cause of its failure may have been, it makes timely a statement regarding the terrible havoc caused by the Wilson tariff bill in the flour trade of the United States, and in all our agricultural interests.

In 1894, under the operation of the McKinley protective tariff law, we exported four worth no less than \$169,271,760. In 1895, under the Wilson bill, that chief achievement of Democratic wisdom, we shipped to foreign countries only \$50,292,888 worth of flour, or a loss in trade to us, in that one item alone, of \$118,978,874, or about 70 per cent.

But this is not all. In fact, it is but the short prelude to one long catalogue of disaster to our agricultural interests. According to the last census one-half the people of the United States are dependent upon agricultural pursuits for their livelihood. By the crops they raise, and the money for which they sell those crops, those 35,000,000 of people must subsist. It follows, then, that if a tariff law is passed which curtails the markets for our agricultural products, we are injured in proportion to the decrease in the sales of those products which we make to other countries.

Let us take the values of the exports of our chief agricultural staples which we made in 1894, under the McKinley protective tariff law, and by comparing them with the values of the like exports made under the Wilson bill in 1895, find the extent to which the Democratic Wilson bill has injured the farmer and producer of this country by curtailing his market. Here is the table:

Articles.	Exports under McKinley tariff law, 1894.	Imports under Wilson law, 1895.	Difference.
Cotton	\$210,861,298	\$180,890,645	\$29,970,653

Totals	\$1,007,946,932	\$751,829,937	\$256,116,995

Here, then, is a loss in one year alone, to the farmers of the United States, of over \$256,000,000 in trade, which is directly traceable to the Wilson bill. Nor is this all. In addition to the cutting off of his foreign markets, the Wilson bill has hurt the farmer by permitting the easier entry into this country of foreign products in competition with his own, thus also decreasing his home market in proportion to the increased exports which compete with him. Here is a table showing the nature of our principal agricultural imports in 1894, under the McKinley protective tariff law, compared with the like imports in 1895, under the Wilson bill:

Articles.	Imports under McKinley tariff law, 1894.	Imports under Wilson law, 1895.	Difference.
Hides	\$17,250,037	\$36,432,989	\$19,182,952

Totals	\$56,804,446	\$134,230,860	\$77,426,414

Thus it may be seen that in one year, under the Wilson bill, the farmers of the United States lost over \$256,000,000 worth of foreign trade and over \$77,000,000 of home trade taken from them by foreign competitors, or an aggregate of over \$333,000,000.

We need sound money, and will have it, but we also need a just and equitable tariff which will restore to the American farmer the trade and prosperity which have been taken from him.—Cincinnati Commercial-Tribune.

A Silver Man, but Not a Fool.
Senator Cameron, when asked whether he would support Bryan, curtly answered, "I am a silver man, but not a fool." It would indict the common sense of Western farmers to suppose that after their experience of Populism and free silver Democracy they would try it again. That is one of the epidemics which men never take twice. The election results prove that many thousands who had the disease have recovered completely, and the wild performance and utterances of Democratic and Populist conventions this year have been eminently calculated to cure many more.

BRYAN MUCH PLEASED.
Falling In Line of Certain Eastern Leaders Very Gratifying.
UPPER MERIDON, N. Y., Aug. 22.—Mr. Bryan addressed about 3,000 people at Tivoli today.
Every indication has been toward what is a settled fact, that Mr. Bryan expects and has been assured of eastern support. Letters continued to pour in asking him to speak at eastern points, and if the requests were heeded, he would spend the entire time from now until election day in New York state.
Mr. Bryan showed no surprise at the newspaper stories that the New York Democratic state organization had decided to support him. He did reflect a little bit upon the statement that Senator Hill had told Mr. Danforth that he would support and work for him (Mr. Bryan). He said in relation to that question:
"It is not Senator Hill's custom to speak through others, and I don't doubt if Mr. Danforth gave out a statement purporting to be made by Senator Hill. The senator will probably make his own announcement."

It was said here on very good authority that Senator Hill would take part in the demonstration in honor of Mr. Bryan at Albany on Tuesday night. The statement needs authentication, however.
The receipt of a letter from Leader Sheehan of Tammany, asking Mr. Bryan to speak in New York, added another chair to the circumstances leading up to proof of a thorough understanding between Mr. Bryan and the New York Democracy.
The published statement that Richard Croker had approved Mr. Sheehan's and Tammany's course in endorsing Bryan caused the candidate a great deal of satisfaction, however, and he said that he had always believed that all the great leaders would fall into line, except perhaps those who had financial interests with the gold side of the issue, intimating that the leaders in the gold Democratic movement had mercenary interests.

RATHER WARM IN CANTON.
SHERIFF DOLL PAYS HIS COMPLIMENTS TO THE BRYAN LEADER.
CANTON, O., Aug. 22.—Politics are getting a little warm in Major McKinley's town and county. In reply to a letter published by a press association, giving a glowing account of the silver situation in this county, Sheriff Hiram Doll has written a letter to Captain Dick Walker, of Kansas, which will very likely raise the ire of Colonel Holloway, the leader of the Bryan and Sewall movement in Stark county, who will probably pay his compliments to Sheriff Doll in return. The sheriff in the course of a long letter said:

"The Silver club in Canton, about which you write, is composed of Populists and Democrats, and the leading Democrats of the city are not in it. The ex-Republican mentioned as president, Colonel Holloway, was one of the most enthusiastic McKinley men in the city, and during the great jollification meetings here after the St. Louis convention rode at the head of each procession escorting the various delegations to Governor McKinley's house. He was an aspirant for chief marshal of the Escort club but failed of election. Immediately after that he turned over to the opposition."

Sheriff Doll then says that, in proportion to the population of Stark county and in comparison to the size of the McKinley organizations in the county, the club is small.
FUSION ARRANGED IN IDAHO.
Silver Republicans Ignored, Because of Senator Dubois.
WASHINGTON, Aug. 22.—Some of the silver leaders in Washington are not at all surprised at the course of events in Idaho, where the Populists and Democrats have fused, leaving the Silver Republicans to flock by themselves. One who has recently returned from the west, says that the result is largely due to the course Senator Dubois has pursued in Idaho. Instead of cutting loose from the Republican party, Senator Dubois and his friends went into the Republican committee and carried it by one majority and instead of organizing as a silver party or inviting fusion, maintained that their organization is Republican.

The Populists and Democrats claimed that any Republican organization ought to be for McKinley if it claimed the name, and insisted that Dubois must leave the Republican party as Teller and Pettigrew have done. There has been a great deal of hostility between Dubois and the other two parties, and the Populists and Democrats say that if they elect Dubois senator they will not be sure that he will remain with them. Silver men here say they have information that the Bryan electoral ticket will carry the state and that the antagonism is more personal to Dubois than anything else.

Jones Changes the Headquarters.
CHICAGO, Aug. 22.—Chairman Jones of the national campaign committee has changed his mind as to the location of headquarters. The Democratic national campaign will be conducted from the Auditorium annex. He has appointed Clark Howell of Georgia as chief of the literary bureau, F. U. Adams as chief assistant and Daniel McConville of Ohio as chairman of the speakers' bureau.

Can Continue to Talk Money.
INDIANAPOLIS, Aug. 22.—For ten days a great crowd has collected on the post-office corner discussing the financial question of the present campaign. The discussion frequently lasted until midnight. As the police made numerous and futile efforts to scatter the disputants and made several arrests, Judge Cox discharged them, saying it violated the rights of free speech.

Will Press Ingress For President.
CINCINNATI, Aug. 22.—There is a movement to press H. E. Ingalls, president of the Big Four and Chesapeake and Ohio railways, for the nomination of the national Democratic party for president. The Ohio delegation to Indianapolis will favor Ingalls.

Jewelry Importers Fall.
NEW YORK, Aug. 22.—Liebold Weil & Co., importers of and dealers in jewelry, have failed. Their liabilities were estimated by their attorneys, Kays & Greenbaum, at \$125,000. Of their assets the attorneys said they could form little idea.

DUN'S TRADE REVIEW.

Politics Have Had Little Effect on Business.

Nothing Encouraging Can Yet Be Said In Regard to Work—Heavy Failures In Lumber—Wheat Advances a Little. The Business Failures.

NEW YORK, Aug. 22.—R. G. Dun & Co.'s weekly Review of Trade, issued today says: Political events of the week had no definite influence upon business prospects for the phenomenal variations in sterling exchange, and the beginning of gold may be fairly attributed to the accumulating excess of merchandise exports over imports, to which attention has been repeatedly called, exports from New York for the past two weeks having been 20 per cent larger and imports here 21 per cent smaller than last year. The rapid movement of grain, and the unusually early marketing, tend strongly to aid the banking syndicate which has undertaken to regulate foreign exchange.

Speculation has advanced wheat over 1 cent during the week, corn a small fraction and cotton 1/2, the principal motive power being reports of injury to growing crops. As before, the unfavorable accounts respecting wheat are in some measure discredited by the continued heavy movements from the farms. There is also a heavy movement of corn.

Some additional heavy failures in the lumber trade call attention to the continuing depression which appears to result, at least in part, from expectations entertained by many that the unlimited increase in new building during the past year or two would be permanent. The iron and steel manufacture is the only continued depression to report and Bessemer pig has sold at \$10.40 at Pittsburgh, while southern iron is offered at prices equivalent to \$10 at New York, and nearly all finished products are being sold below the current quotations. There is rapid curtailment of production, the Illinois Steel company having only seven of its seventeen furnaces at work, but in spite of this the supply of finished products appear to greatly exceed the demand for them. The one bright spot is a sale of 9,000 tons of steel rails to Japan for refitting railways in that country, which makes an aggregate of 45,000 tons exported during the year.

Nothing encouraging can yet be said regarding the woolen manufacture and the demand for goods even at recent reductions in prices, is still disappointingly small. Sales of wool at the three chief markets have been only 7,670,000 in three weeks, against 16,847,200 last year and 23,361,400 in the same weeks of 1892. A heavy auction sale of cotton goods brought prices which were considered quite encouraging and the current demand is fairly maintained, although the mills are not inclined to make large contracts for the future in view of the rise in raw material. In general the work in force for textile branches does not appear to have increased.

The total business failures in the United States is 264 this week, six more than last week, 72 more than in the week one year ago, and 13 more than in the third week of August, 1894, the period of extreme depression after the panic of 1893.

There are 80 business failures reported from the Canadian Dominion this week against 35 last week, 37 in the week one year ago and 30 two years ago.

To Entertain the Presbyterians.

EAGLE LAKE, Ind., Aug. 22.—At a large and enthusiastic meeting of Ohio people in attendance upon the Winona assembly, strong resolutions were adopted pledging themselves to assist in raising \$10,000 of the \$40,000 additional necessary to suitably accommodate the general assembly of the Presbyterian church here next May. The Illinois people passed similar resolutions for another \$10,000, and the Indiana people present propose to raise \$20,000, \$5,000 of which was pledged at their meeting.

Will Arbitrate the Differences.

BERNE, Switzerland, Aug. 22.—At the request of the governments of Great Britain and the republic of Columbia, the bundersath has undertaken to appoint three Swiss jurists to arbitrate the dispute between a British firm and the government of one of the provinces of Columbia relative to the construction of a railroad.

Knew He Was Justly Hanged.

MACON, Mo., Aug. 22.—George Anderson, who cut his wife's throat at their home near Atlanta in this (Macon) county, on the 27th of May, 1895, and then attempted suicide, has been hanged here. Anderson courted death and apparently fully realized that he was getting his just deserts.

Lodged In Moro Castle.

PENSACOLA, Fla., Aug. 22.—Information has been received that Pablo Supervilla, a young Cuban who occupied a position in a timber shipping office here, has been arrested at Havana and imprisoned in Moro Castle as a conspirator against the Spanish government.

Immense Revenue From Raines Law.

ALBANY, Aug. 22.—The amount of money collected under the Raines liquor law still continues to swell. It is confidently expected by Commissioner Lynam that more than \$11,000,000 will be collected during the fiscal year the law is in operation.

Lynchings Report Expected Soon.

WASHINGTON, Aug. 22.—The report of the governor of Louisiana on the lynching of several Italians in that state recently is expected at the state department in a day or two and will form the basis of future action by this government in the case.

Due to Lack of Business.

WALTHAM, Aug. 22.—The O'Hara Dial factory, the Boston Manufacturing company's plant and the American Watch company have closed down owing to lack of business.

TALK OF A BOND ISSUE.

Carlisle's Visit to the Sub-Treasury Causes Speculation.

NEW YORK, Aug. 22.—The presence of Secretary Carlisle down town and a conference he had with Mr. Bacon, of J. P. Morgan & Co., caused some talk about the possibility of another bond issue. Mr. Carlisle called at the sub-treasury early in the day and saw Mr. Muhlenberg who, in Mr. Jordan's absence, is acting as assistant treasurer. Then he went down to the custom house. Later he called again at the sub-treasury and was in consultation for some time with Mr. Bacon and Mr. Muhlenberg.

After Mr. Carlisle left the treasury Mr. Muhlenberg said that the secretary had merely called in there on his way to Washington and that his visit had no special significance; that he had not discussed anything or said anything that was a matter for public interest.

TO SAVE KENT'S NECK.

A Juror Will Plead Before North Dakota's Governor.

FARGO, N. D., Aug. 22.—Myron R. Petitions are being circulated all over the state in behalf of the convicted man.
It is said that Juror Newman, who held out for more than 50 ballots against the death penalty, will personally appear before Governor Allen in Kent's behalf. He will claim that he was coerced into bringing in a verdict for the death penalty by the threats of the other jurors. W. J. Price of Fargo is named as one of the men who assisted in forcing his vote.

Both Parties Bound to Fuse.

PARKERSBURG, W. Va., Aug. 22.—The rumor is general throughout this state that General C. C. Watts, the nominee for governor on the Democratic ticket, and Isaac C. Ralphsnyder, the Democratic nominee by the Populist state convention, will both be pulled out and a fusion will be made on either Judge William G. Bennett or Clarence L. Smith. Both committees meet in Clarksburg, Sept. 3.

American Bar Association Officers.

SARASOTA, Fla., Aug. 22.—The American Bar association has elected the following officers: President, James M. Woolworth of Omaha; secretary, John Hinkley of Baltimore; treasurer, Francis Rawley of Philadelphia; executive committee, Alfred Hemenway of Boston; Charles Claffin, St. Louis; William W. How, New Orleans. A vice president for every state in the Union and a local council for each state were also chosen.

Murdered by His Mistress.

FREDERICKSBURG, Va., Aug. 22.—Dallas Bruce, a white man of Caroline county, who lives some 35 miles from here, attended the recent Confederate reunion in Richmond and then disappeared. A few days ago a search for him was begun by his friends which resulted in finding his body cut into pieces and packed into several pickle barrels at the house of his negro mistress. He had \$400 money.

Collier May Fight a Duel.

ATLANTA, Aug. 22.—Correspondence which may result in a duel is now in progress between Charles A. Collier, president of the late Cotton States and International exposition and candidate for mayor, and Howell C. Erwin, a prominent lawyer. The trouble grew out of a statement by Erwin in a political speech.

K. OF P. ENCAMPMENT

The Knights Opened at Cleveland Today.

AT LEAST 15,000 IN UNIFORM.

Two Thousand Tents Pitched in a Field and Payne Avenue and Perry Street Grand Parade Next Tuesday—Important Business Coming Up.

CLEVELAND, Aug. 22.—The great encampment of the Uniformed Knights of Pythias began here today. This is the largest gathering of pythians ever seen in Ohio if not in this country. At least 15,000 knights in uniform are here, 4,000 of them being Ohio members of the order. The encampment is being held in a field at the corner of Payne avenue and Perry street, where 2,000 tents have been pitched. The encampment will last during all of next week.

The events of the week will be the grand parade on Tuesday, competitive drill on Thursday and the awarding of prizes on Friday. The supreme lodge will meet on Tuesday next in Pythian Temple. The supreme council, the governing body of the uniform rank, will hold an assembly during the encampment on the camp grounds. There will also be meetings of the two auxiliary pythian societies, the Rathbone sisters and the Pythian sisterhood, both of which orders will be represented by a large number of delegates. The imperial palace, dramatic order, Knights of Khorassan, which is composed of representatives from various temples, while not a pythian order, is only composed of Knights of Pythias. It will hold a session beginning next Monday. The Khorassan knights will give an illuminated parade on Wednesday night, the procession moving through all the business streets.

The board of control of the encampment will also meet next week in executive session, and the supreme tribunal, or highest judicial authority, will also have a sitting.

All branches of Pythianism will be represented in this assemblage, the delegates being from lodges having a membership of nearly 500,000. The officers of the supreme lodge are: Chancellor, Walter B. Richie of Lima, O.; vice chancellor, Philip T. Colegrove, Hastings, Mich.; prelate, Albert Steinhart, Greenville, Ala.; keeper of records and seals, R. L. C. White, Nashville, Tenn.; master of ceremonies, Thomas G. Sample, Allegheny, Pa. Nearly all of these officers are now here. The supreme lodge now has a membership, exclusive of its officers and the past supreme chancellors, of 132. Much important business is likely to come before the lodge for transaction, and its sessions may be prolonged two or three weeks after the close of the encampment.

CRAZY FROM LIQUOR.

A Cincinnati Saloonkeeper Put Bullets in His Wife and Himself.

CINCINNATI, Aug. 22.—Fred Graef, a saloonkeeper at 1582 Central avenue, has shot his wife and then killed himself. Graef was preparing to attend the funeral of a man who formerly owned his saloon and a friend was working down stairs for him. Hearing shots on the floor above, the friend hurried up and found Mrs. Graef shot in the abdomen and Graef unconscious from a bullet wound in his head. The wife is probably fatally hurt. Graef was said to have been mentally unbalanced recently and besides had been drinking heavily.

A SHOOTING OVER SILVER.

The Discussion Got Too Hot to Be Peaceful at Columbus.

COLUMBUS, Aug. 22.—A carbstone discussion of the coinage question here led to a shooting which may result fatally. Joseph Rath, a retired manufacturer and advocate of free coinage, engaged in a warm argument with Horace Weyman, an Englishman.

They were separated, but Rath got a revolver and when Weyman came back he fired three shots at him, one striking in the right arm, splintering the bone. As Weyman is an old man the injury is a serious one. Weyman is a cousin of the English novelist, Stanley Weyman.

Hamilton County Gold Democrats.

CINCINNATI, Aug. 22.—A joint mass convention of gold Democrats of the first and second congressional districts included in Hamilton county has been held here. Ex-Senator Julius Dexter presided. Resolutions were adopted to send delegates to the state convention at Columbus, Aug. 27.

Miners on a Strike.

COLUMBUS, Aug. 22.—Twelve hundred miners have struck at Corning, Rendville and Hemlock, in consequence of resolutions adopted by the miners' convention.

WOULD HARRITY CONSENT?

His Friends Don't Believe He Would Accept Gold Democratic Nomination.

PHILADELPHIA, Aug. 22.—The Pennsylvania friends of William F. Harrity of the Democratic national committee do not believe that he will consent to have his name presented to the Indianapolis convention as a candidate for the presidency.

For that reason they do not look with favor upon the suggestion made in Chicago, Washington and New York that Mr. Harrity of Pennsylvania and Daniel W. Lawler of Minnesota should constitute the Democratic gold standard ticket, as Mr. Harrity declared he is not of politics.

A Blow at the L. A. W.

PHILADELPHIA, Aug. 22.—Information of a reliable character has reached here that a syndicate of bicycle manufacturers has been framed with the intention of wresting from the League of American Wheelmen the control of racing. The prime movers are said to be E. C. Kearns & Co. of Syracuse and A. G. Peabody & Bros. of New York, Philadelphia and Chicago.

PROGRAM IN HONOR OF LI

Lamont's Private Secretary Makes Public What Will Be Done.

NEW YORK, Aug. 22.—John Seager, private secretary to the secretary of war, has given out the following program for the entertainment of Li Hung Chang while in this country:

"Earl Li Hung Chang, special ambassador from the emperor of China, will arrive in New York by the steamship St. Louis on Friday, Aug. 28. Major General Thomas H. Ruger, U. S. A., commanding the department of the east, who has been designated by the president to act as his representative, will meet him on his arrival and escort him with a detachment of the Sixth regiment, United States cavalry, to the Waldorf hotel, where he will remain during his stay in New York as the guest of the nation. The state department will be represented by W. W. Rockhill, first assistant secretary of state. General Ruger will attend the viceroy during his sojourn in this country, and be in charge of all arrangements pertaining to his visit.

"The president of the United States, who is to be in the city as the guest of ex-Secretary of the Navy William C. Whitney, will receive the special ambassador at the latter's residence on the following day, the secretary of the treasury, the secretary of war and possibly other members of his cabinet being present.

"On Sunday a visit will be made to General Grant's tomb at Riverside. Monday will be spent in a trip to the military academy at West Point by the United States steamship Dolphin, and a sail under the Brooklyn flag and up the East river. Tuesday the party will be entertained at lunch by representative business men of New York, and later in the day an opportunity will be given to meet the Chinese residents of the city to meet the earl by arrangement with the Chinese consul.

"Wednesday will be occupied by a visit to Brooklyn on the invitation of the mayor of that city, and in the evening the viceroy will be tendered a review by the Seventh regiment in its armory. Thursday the party will go by the Pennsylvania railroad to Philadelphia, where suitable entertainment will be provided, and Friday and Saturday will be spent in Washington, and Sunday at Niagara Falls, where the viceroy will be met by representatives of the Canadian government who will escort him to Vancouver, from which port he sails for home."

SPAIN IN MORE TROUBLE.

A Revolution Breaks Out in the Philippine Islands.

MADRID, Aug. 22.—An official dispatch from Manila announces the discovery in the Philippine islands of a separatist conspiracy, the object being to secure independence from Spain. According to the official advice 21 persons have already been arrested, several being Freemasons.

The news has caused great excitement in Madrid, and the police in consequence raided the Hispano Philippine club and seized a large quantity of papers.

The Philippine islands lie only about 250 miles south of the newly acquired Japanese possession of Formosa, a number of small islands intervening.

Cod Fishing a Failure.

AN OMEN OF UNION.

Pleasing Incident at U. P. Young People's Convention.

COTTON TREE BRANCH PRESENTED

By a Delegate From the South to His Brethren of the North—An Ex-Actress Made an Interesting Address—Sunrise Prayer Meetings Held.

OMAHA, Aug. 22.—A pleasant incident has occurred at the Young People's Union convention of the United Presbyterian church in the gift of a branch of a cotton plant by Rev. William Grier of Duwest, S. C., president of Erskine college. Dr. Grier represents a different branch of the church, and being from the south, it was looked upon as an omen of a union which has for some time been in process of consummation.

An address of interest was by Mrs. Edith Livingstone Peake of Rockford, Ill. Mrs. Peake was formerly an actress, but, after conversion, engaged in evangelistic work. The audience was certainly appreciative of her efforts in that line as ever they could have been of her efforts to amuse. At the conclusion of this address the delegates were divided into sectional conferences held in various churches and halls about the city. That for Junior workers was held in Counze Memorial church, and led by Rev. W. L. Wishart of Allegheny, who has had charge of that branch of the work during the past year.

In the auditorium of the same church was held the conference of Sabbath workers, teachers and superintendents. This was conducted by Rev. S. C. Marshall of Rock Island, Ill., and there was no lack of interesting speakers. At the same time there were conferences of chorists and musicians and of missionaries and volunteers in the Y. M. C. A. building.

Rev. R. A. Torrey, of the Chicago Bible institute, made an address on "Personal Efforts in Soul Winning." He was followed by Rev. G. W. Morrison, who has been for years the missionary in India, but now home on furlough. It was a missionary address of more than usual interest, being replete with information not usually found in books nor men of like experience. This was followed by an address by Rev. C. H. Strong, of Sterling, Kan., on "Some Missions and Christian Citizenship."

Last night's session was given up to two addresses, one by Rev. J. G. Rankin, D. D., of Denver. Rev. J. A. Alexander, D. D., discussed "Educational Work India."

Sunrise prayer meetings are a feature.

WILL RIVAL THE STANDARD.

The Cudahy Brothers Will Pipe Oil to Chicago.

CHICAGO, Aug. 22.—Michael and John Cudahy, wealthy packers of this city, have entered into an oil deal of enormous proportions. If their present plans materialize Chicago is to have a new industry, a rival of the great plant of the Standard Oil company at Whiting and the first pipe line from the oil fields to enter its limits.

The Cudahys have purchased in Wells and Adams counties, Indiana, the entire plant and wells of the Northern Indiana oil company. Following this purchase they have this week placed with the National Tube and Pipe company, of Pittsburgh, a \$500,000 order for six-inch oil pipes. How big the order is may be appreciated when it is known that it covers pipes for an underground oil line 170 miles in length and extending from the oil fields to Chicago.

With the tankage which they will erect in Indiana and the refining plants and tanks needed at Chicago, and it is estimated that their investment aside from the original purchase price will represent \$1,500,000.

Swedish M. E. Conference.

G. A. R. AT ST. PAUL.

Special Rates via Pennsylvania Lines for National Encampment.

August 30 and 31 and September 1 are the dates upon which low rate round trip tickets to St. Paul will be sold via Pennsylvania lines, the short route through Chicago. Tickets will be good returning until September 15, inclusive, and if deposited with the joint agent at St. Paul on or before September 15, the return limit will be extended to include September 30. The rates for this occasion will be exceptionally low via Pennsylvania lines, the only system of railways over which trains run from Western Pennsylvania, West Virginia, Ohio and Indiana to Chicago union station, the natural gateway from those states to the northwest. Daily trains from Pittsburgh, Columbus, Cincinnati, Indianapolis and Louisville make convenient connection at Chicago with St. Paul trains. Arrangements may be made by Grand Army posts or parties of friends to travel together on special trains or special car that will go through from starting point to the encampment without change, if the number justifies it. Information on the subject will be cheerfully furnished by representatives of the Pennsylvania lines. The person to address at East Liverpool is Ticket Agent Adam Hill.

HO, FOR CANTON.

McKinley Club and Manley Band Excursion Next Monday.

The Republicans of East Liverpool and contingent country will on Monday next be given an opportunity to call on Hon. William McKinley, the standard bearer of the Republican party, at a very low excursion rate on the Pennsylvania lines. The McKinley club and Manley's band of this city have united in arranging this excursion, and invite the citizens of East Liverpool and the surrounding country and along the line to join in the excursion to Canton. The rate for the round trip will be but \$1.50, and a special train of 15 coaches has been provided for the occasion, giving assurance of ample comfort for all who expect to participate. The train will leave East Liverpool at 8 a. m., city time, and returning, leaves Canton at 6 p. m., city time. Myers lake, one of the finest pleasure resorts in Ohio, located on the outskirts of Canton, has been secured for the day, and pleasure seekers will have the privilege of spending their time at this resort after their call upon McKinley. Tickets will be sold and exchanged at the Cleveland and Pittsburgh ticket office Saturday evening and Monday morning.

Street Commissioner Finley and his force have made gutters on the California hollow road and Waterloo street. He hopes they will be adequate to carry off the water should we have more heavy rains.

Ladies' Auxiliary.

The Ladies' Auxiliary will meet Tuesday afternoon at 3:30. Business of importance.

When a young couple runs away to get married half the world says: "How Romantic!" the other half says: "How silly!" But you can't tell either way until the "honey-moon" is over. When this young couple get settled down to the regular hum-drum of life, they'll manage all right and find solid happiness in any case, if they have good hearts and sound health. All depends on that.

It's wonderful how much health has to do with married happiness. Sickness affects the temper. You can't be happy nor make others happy if you're ailing. When you find yourself irritable, easily worried, beginning to "run-down" it's because your blood is getting poor. You need richer blood and more of it. Your blood-making organs need to be vitalized by Dr. Pierce's Golden Medical Discovery. It imparts new power to produce an abundance of the healthy, red corpuscles, and gives you a fresh supply of pure, rich blood. It's a blood-creator; it is for everyone whose blood is impure or in a poor, "run-down" condition. It prevents the germs of disease from getting a hold on your system. Even after disease is settled on you, it is driven out by the blood-creating properties of the "Discovery." It is a perfect cure for general and nervous debility, catarrh, malaria, eczema, erysipelas, scrofula and every form of blood-disease. It is called a consumption-cure but even consumption, which has its roots in the blood—is driven out by the "Golden Medical Discovery" if taken in time. The "Discovery" is the prescription of one of the most eminent physicians and medical writers in this country.

NO HUMBUG HERE.

East Liverpool Endorsement is what Counts with East Liverpool Public.

You can't fool the public all the time. They will find you out at last. Every time a man is fooled. Another skeptic is made.

Many the remedy that makes the skeptic. It fails to keep its promises. Doan's Kidney Pills bring renewed reward.

They cure the skeptic. Plenty of proof of this at home. East Liverpool proof for East Liverpool. Our citizens say they cure backache. Cure urinary disorders. Cure sick kidneys. Experience has taught them this is so. Conviction for every sufferer. In the testimony of friends and neighbors.

Read this case: The majority of our citizens know that Mr. Thos. Laughlin, of 172 Sophist street, has been unable to work at his calling, that of an engineer, for two years, that his condition was serious and that little hope was entertained of a return to his old time health and strength. Read his own account of the change that took place through using Doan's Kidney Pills. He says: "I caught cold and neglected it. Result, it settled in my back and kidneys, forced me to quit work, and almost cost me my life. I could not move without suffering and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicines for two years, but did not get well. When I read of Doan's Kidney Pills I got a box at the W. and W. Pharmacy. Noticing some improvement by the time I had taken the first one half box, I continued until I took four boxes, and now my back is all right as well as the urinary trouble. Doan's Kidney Pills are without a doubt a grand remedy. I will endorse them at all times. I will substantiate my statement of Doan's Kidney Pills if anyone will call at my home to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and has not been troubled since."

Doan's Kidney Pills are for sale by all dealers for 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

A French Newspaper in London, 1650.

In no history of British journalism or account of William Dugard do I find any mention of his publishing in London a weekly French newspaper entitled Nouvelles Ordinaires de Londres, yet this is surely the most singular incident in his checkered career. The National Library at Paris possesses two quarto volumes of this newspaper, extending from July 11, 1650, to Jan. 14, 1658. These were presented to the Minim monastery, Place Royale, which in 1644, shortly after its foundation, had a library of 6,000 volumes, one of the best in Paris. By 1790, when it was dispersed, it had increased to 17,000 volumes. The two quartos were, with many other books, the gift of a Parisian named Descombes, of whom nothing is known. They found their way at the revolution into the library of the tribune, a body which was abolished in 1807, and they then passed to the Imperial (now National) library.

Descombes was apparently a subscriber to Dugard's paper and had it bound in 200 numbers at a time. It would be interesting to know how a London newspaper then reached foreign subscribers, for it must be presumed that most of these subscribers were foreigners, though the paper was sold by Nicolas Bourne at the South Gate, Old Change; Francis Tyton, at the Three Daggers, near Temple Gate, and Mary Constable, at the Key, Westminster hall. Its four pages contain mostly English news, but there are short paragraphs of continental events.—Notes and Queries.

The Vastness of the Earth.

Some idea of the vast extent of the surface of the earth may be obtained when it is noted that if a lofty church steeple is ascended and the landscape visible from it looked at 900,000 such landscapes must be viewed in order that the whole earth may be seen.

RUSSIAN LODGING HOUSES.

Wherein They Differ From Those of Other Countries.

In apartment houses in Russia the lodgings which open on the courtyard rent for a lower price, says a writer in Lippincott's, because the entrance is through a porte cochere, or, at night, through a wicket therein. This is an unobjectionable, rather an aristocratic, arrangement in a private house, but elsewhere the courtyard may contain too many stables, workshops or even a large number of cows to supply dairy shops, which profess to deal in Finnish—that is to say, in pure country—butter, cream and milk. In this case also the winter's supply of wood for the great house is sure to be stacked in piles a couple of stories high so close to the less desirable lodgings that the prefect of the town was obliged to issue an order protecting the poorer inhabitants and regulating the position of the wood piles at a proper distance from the building for light and air.

Our researches revealed the fact that very few "furnished" lodgings provided either towels, bed linen, coverlets or pillows, or anything, in fact, beyond the bare bedsteads and furniture. Of course we were aware theoretically that this is a reminiscence of the days when every landed proprietor traveled accompanied by an entire housekeeping outfit and staff of servants when he undertook those long carriage journeys which preceded the days of railways and which are still compulsory in some parts of the empire. Nevertheless, in practice, we were not prepared to accept this beyond towels, and we protested that no traveler should be obliged to drag such bulky objects about with him in these days of improved transit facilities. The logic of this argument was not very strong on our side, it is true, but most travelers will agree with us nevertheless. The Russian lodging house people, in return, seemed to regard us with amazement and pity because we did not possess these things and declined to purchase them. Their idea must have been that we were accustomed to sleep in our clothes, like their own peasants.

In some cases they were willing to provide the bed furnishings for a consideration, but they regarded one towel a week and one change of linen a month as ample.

You can't fool the public all the time. They will find you out at last. Every time a man is fooled. Another skeptic is made. Many the remedy that makes the skeptic. Doan's Kidney Pills bring renewed reward. They cure the skeptic. Plenty of proof of this at home. East Liverpool proof for East Liverpool people. Our citizens say they cure backache. Cure urinary disorders. Cure sick kidneys. Experience has taught them this is so. Conviction for every sufferer. In the testimony of friends and neighbors. Read this case:

The majority of our citizens know that Mr. Thos. Laughlin, of 172 Sophist street, has been unable to work at his calling, that of an engineer, for two years, that his condition was serious and that little hope was entertained of his return to his old time health and strength. Read his own account of the change that took place through using Doan's Kidney Pills. He says: "I caught cold and neglected it. Result, it settled in my back and kidneys, forced me to quit work, and almost cost me my life. I could not move without suffering and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicines for two years, but did not get well. When I read of Doan's Kidney Pills I got a box at the W. and W. Pharmacy. Noticing some improvement by the time I had taken the first one half box, I continued until I took four boxes, and now my back is all right as well as the urinary trouble. Doan's Kidney Pills are without a doubt a grand remedy. I will endorse them at all times. I will substantiate my statement of Doan's Kidney Pills if anyone will call at my home to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and has not been troubled since."

Doan's Kidney Pills are for sale by all dealers for 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

A French Newspaper in London, 1650.

In no history of British journalism or account of William Dugard I find any mention of his publishing in London a weekly French newspaper entitled Nouvelles Ordinaires de Londres, yet this is surely the most singular incident in his checkered career. The National Library at Paris possesses two quarto volumes of this newspaper, extending from July 11, 1650, to Jan. 14, 1658. These were presented to the Minim monastery, Place Royale, which in 1644, shortly after its foundation, had a library of 6,000 volumes, one of the best in Paris. By 1700, when it was dispersed, it had increased to 17,000 volumes. The two quartos were, with many other books, the gift of a Parisian named Descombes, of whom nothing is known. They found their way at the revolution into the library of the tribune, a body which was abolished in 1807, and they then passed to the Imperial (now National) library.

Descombes was apparently a subscriber to Dugard's paper and had it bound in 200 numbers at a time. It would be interesting to know how a London newspaper then reached foreign subscribers, for it must be presumed that most of these subscribers were foreigners, though the paper was sold by Nicolas Bourne at the South Gate, Old Change; Francis Tyton, at the Three Daggers, near Temple Gate, and Mary Constable, at the Key, Westminster hall. Its four pages contain mostly English news, but there are short paragraphs of continental events.—Notes and Queries.

The Vastness of the Earth.

Some idea of the vast extent of the surface of the earth may be obtained when it is noted that if a lofty church steeple is ascended and the landscape visible from it looked at 900,000 such landscapes must be viewed in order that the whole earth may be seen.

RUSSIAN LODGING HOUSES.

Wherein They Differ From Those of Other Countries.

In apartment houses in Russia the lodgings which open on the courtyard rent for a lower price, says a writer in Lippincott's, because the entrance is through a porte cochere, or, at night, through a wicket therein. This is an unobjectionable, rather an aristocratic, arrangement in a private house, but elsewhere the courtyard may contain too many stables, workshops or even a large number of cows to supply dairy shops, which profess to deal in Finnish—that is to say, in pure country—butter, cream and milk. In this case also the winter's supply of wood for the great house is sure to be stacked in piles a couple of stories high so close to the less desirable lodgings that the prefect of the town was obliged to issue an order protecting the poorer inhabitants and regulating the position of the wood piles at a proper distance from the building for light and air.

Our researches revealed the fact that very few "furnished" lodgings provided either towels, bed linen, coverlets or pillows, or anything, in fact, beyond the bare bedsteads and furniture. Of course we were aware theoretically that this is a reminiscence of the days when every landed proprietor traveled accompanied by an entire housekeeping outfit and staff of servants when he undertook those long carriage journeys which preceded the days of railways and which are still compulsory in some parts of the empire. Nevertheless, in practice, we were not prepared to accept this beyond towels, and we protested that no traveler should be obliged to drag such bulky objects about with him in these days of improved transit facilities. The logic of this argument was not very strong on our side, it is true, but most travelers will agree with us nevertheless. The Russian lodging house people, in return, seemed to regard us with amazement and pity because we did not possess these things and declined to purchase them. Their idea must have been that we were accustomed to sleep in our clothes, like their own peasants.

In some cases they were willing to provide the bed furnishings for a consideration, but they regarded one towel a week and one change of linen a month as ample.
